PROFESSIONAL SUMMARY

CSE graduate with professional experience in computer operations and practical experience in frontend web development. Skilled in HTML, CSS, JavaScript (ES6+), React.js, Tailwind CSS, and responsive web design. Experienced in building interactive user interfaces, integrating REST APIs, implementing Firebase authentication, and using Git and GitHub for project management. Seeking a Frontend Developer position to contribute to real-world projects, collaborate with a development team, and continuously improve my technical skills.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript (ES6+), React.js, React Router
Styling: Tailwind CSS, Responsive Web Design
Backend: Node.js, Express.js
Database: MongoDB
Authentication: Firebase Authentication, JWT
API & Web: REST API, API Integration, CRUD Operations, Basic Networking
Tools: Git, GitHub, VS Code, Vite

PROJECTS

GreenNest — Plant Care & Nursery Web Application

Technologies: React, JavaScript, Tailwind CSS, Firebase

- Built a responsive React application with Firebase email/password and Google authentication.
- Implemented protected routes, reusable components, dynamic data, and responsive UI.

Deshi-Deals — Product & Bidding Platform

Technologies: React, Node.js, Express.js, MongoDB, Tailwind CSS

- Developed a full-stack application with product listing, bidding, private routes, and user-specific features.
- Implemented REST APIs, CRUD operations, and MongoDB data management.

Payoo Mobile App

Technologies: HTML, CSS, JavaScript

- Built a responsive mobile financial service interface with JavaScript interactions and DOM-based functionality.
